ZConverter
OCI Gen2 'Lift & Shift' Migration

A Top 20 Global Fortune 500 company decided to move 100 workloads to Oracle Gen2 Cloud Infrastructure. As a leading cloud service provider, it is imperative for Oracle to provide a reliable tool to customers so they can move their workloads to OCI Gen2 effortlessly. First time, this enterprise was planning on moving 100 on-premise workloads to OCI using a legacy migration utility.

After wasting a few months of their project time, they found that the legacy migration tool they tried to use was only compatible with OCI Classic.

ZConverter's proprietary cloud-agnostic migration technology made it possible for this enterprise to simply and seamlessly migrate all of their workloads to the OCI Gen2 on time.

At-a-glance:

Customer: Fortune 500 company

Customer Size: 300,000+

Industry: ICT Manufacturing

Products and Services: OCI Gen2

ZConverter

ZConverter and OCS Project

Customer challenges

Oracle Consulting Service ('OCS') planned and tried to help '**a Top 20 Fortune 500 Enterprise**' move 100 on-premise workloads to OCI Gen2 using a legacy migration tool the first time, but they failed and lost 2 months of project time until eventually finding out that the legacy migration utility supported OCI Classic only.

They almost failed to complete this OCI migration project on time.

ZConverter Solution

OCS finally reached out ZConverter. ZConverter's unique proprietary OCI Gen2 Cloud Migration technology helped this enterprise move all workloads to OCI successfully.

ZConverter's cloud-agnostic migration capability can also move OCI Classic workloads to OCI Gen2.

We believe ZConverter is the best OCI Cloud Migration tool that helps customers accelerate their cloud transformation project to OCI Gen2.

Customer Benefits

A Top 20 Global Fortune 500 Enterprise was able to move on-premise workloads 99% uniformly to OCI Gen2 painlessly using Zconverter's cloud-agnostic migration technology. In conclusion, they were able to complete their digital transformation projects on time

Painless Migration to OCI Gen2

Complete migration projects on time.

Speed up migration projects and save money
