

**Automated Cloud Migration SaaS**

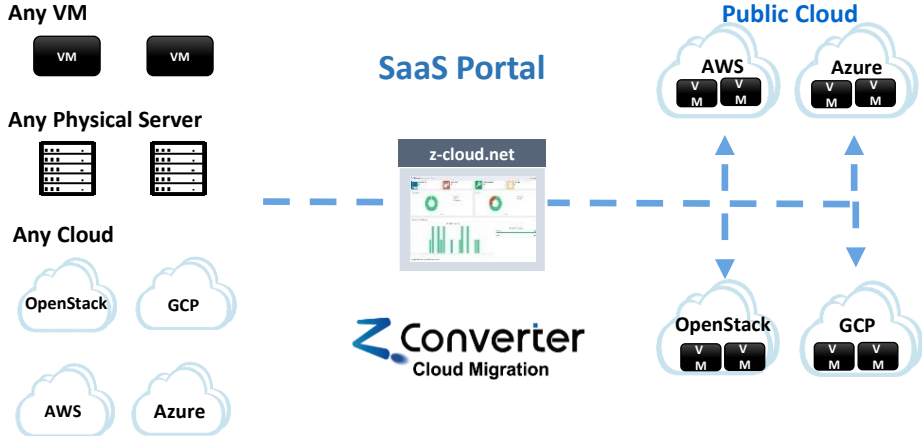

**Cloud-based Disaster Recovery SaaS**

ZConverter Inc.

**Product**

- ZConverter Cloud Migration SaaS
- ZConverter Cloud Disaster Recovery
- ZConverter Server Backup

**Source** Cloud Migration SaaS / Cloud DRaaS

**Marketplace**

Oracle / Microsoft Cloud Marketplace

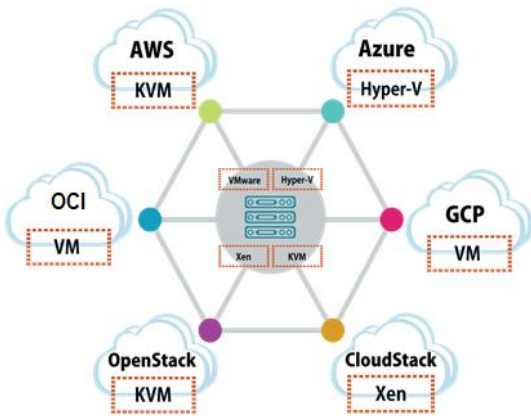

The screenshot shows the Oracle Cloud Marketplace page for ZConverter Cloud Migration SaaS. The header includes 'ORACLE Cloud Marketplace' and navigation links for 'Oracle Cloud Home', 'Publishers', 'Resources', 'Sign In', and 'English'. The main banner reads 'Migrate Faster with ZConverter And Unlock the Full Capabilities of OCI'. Below the banner, the product name 'ZConverter Cloud Migration SaaS' is displayed with a 'Get App >' button and a 'Self-Paced Training' link. The product description states 'Any-to-any Cloud Migration to OCI' and lists categories: 'Oracle Cloud Infrastru | Backup and Recovery | Migration'. There are social media icons for Facebook, Twitter, LinkedIn, and others. A navigation bar at the bottom includes 'Overview', 'Ratings (0)', and 'Provider'. The text below the navigation bar reads 'App by ZConverter Inc.' and describes the service: 'We help engineers of Enterprises, SIs or VARs make the OCI cloud migration simple and easy between heterogeneous cloud platforms and/or dissimilar hypervisors and/or dissimilar disk formats.' It lists 'ZConverter Powerful Features' such as migration between heterogeneous cloud platforms, dissimilar hypervisors, and dissimilar disk formats. It also lists 'ZConverter Capabilities for OCI' including VMware, Hyper-V, KVM, and Xen to OCI Migration.

**Technology**

Cloud-agnostic Imaging Technology

Any-to-any Cloud Migration between

- Dissimilar Cloud Platforms
- Heterogeneous Hypervisors
- Dissimilar Disk Formats

**Use Case**

- #1 : OCI Cloud Migration for a Top 20 Global Fortune 500**
  - SAMSUNG moves 100 workloads to OCI using ZConverter Technology
- #2 : Cloud Disaster Recovery Services for a Top 20 Fortune 500**
  - Samsung.com is being protected using ZConverter Cloud DRaaS
- #3. 500 IPTV workloads migrated for a 5G Telecom company**
  - A 5G Telecom company moved 500 IPTV workloads to OpenStack Cloud
- #4. 220 workloads migration to AWS for a Global Airline Carrier**
  - In Two weeks, ZConverter Engineers moved 220 workloads to AWS
